

The Family Tree OUT OF SCHOOL HOURS CARE

our philosophy

We aim to provide the highest level of care and education for your children in a warm, caring and safe environment.

Our passionate family of staff work diligently to create an atmosphere where your children are excited about learning and having fun in a home away from home.

This purpose built centre is specifically designed to help your child develop in all areas and equip them with the necessary tools to deal with life.

Our programs reflect the full appreciation of Australia's multicultural society, enhancing children's awareness of and respect for both, cultural differences and similarities.

We believe the early years are foundation years and offer child care that is above and beyond the norm.
